

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Greenwood School District 50 is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing high quality educational services to every student in our district! Our goal is to provide state-of-the-art technology to prepare all students for college and careers. Phase Two of the 50G Technology Initiative began this year with 800 Dell Chromebooks being deployed to all certified teachers in December. Our transition into the digital age will continue next school year with our Chromebook Rollout to every student in grades 6-12. Our district continues to be an active participant in the TransformSC/New Carolina Initiative. This collaboration between business leaders, students, teachers, and parents will be critical in preparing our students for college or the workforce. It is exciting to see the ways our TransformSC schools are redesigning classrooms to meet the needs of students through a variety of project based learning activities. The Responsive Classroom initiative was a tremendous success at Mathews Elementary, Rice Elementary and Brewer Middle Schools. The goal of Responsive Classroom is to create a safe, challenging, and joyful classroom and school-wide climate for all students. Students, staff, and parents at the three schools are excited about this new research based initiative and the positive impact it is having in each of their schools. Choice options in District 50 provide our students with advanced learning opportunities that are challenging and diverse. The Greenwood School of Inquiry (GSI) program completed another fantastic year of authentic investigations and project based learning at Hodges Elementary. The Advancement Via Individual Determination (AVID) program concluded another productive year of preparing middle and high school students for college readiness and success in a global society. The Science, Technology, Engineering, and Mathematics School (STEMS) program participated in a successful pilot Chromebook Rollout during second semester. The Arts, Communication, and Theatre School (ACTS) remains our oldest magnet program and received positive reviews from students, administration, and parents for the performance of the musical Hairspray Jr. While we are extremely proud of our accomplishments for this year, we approach the year ahead with a renewed sense of purpose as we work with our community to produce college and career ready graduates for a 21st century workforce! Darrell Johnson, Ed.D. Superintendent

KNOWLEDGE

ACT WorkKeys is a job skills assessment system measuring "real world" skills that employers believe are critical in the workplace. The assessment is given to every South Carolina 11th grader with the exception of those eligible for alternative assessments. The assessment consists of three subtests: Applied Mathematics, Reading for Information, and Locating Information. Students can earn certificates at the Platinum, Gold, Silver, and Bronze level on WorkKeys assessments.
