338 West Columbia Avenue  
Batesburg-Leesville, SC 29006

# South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

### WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

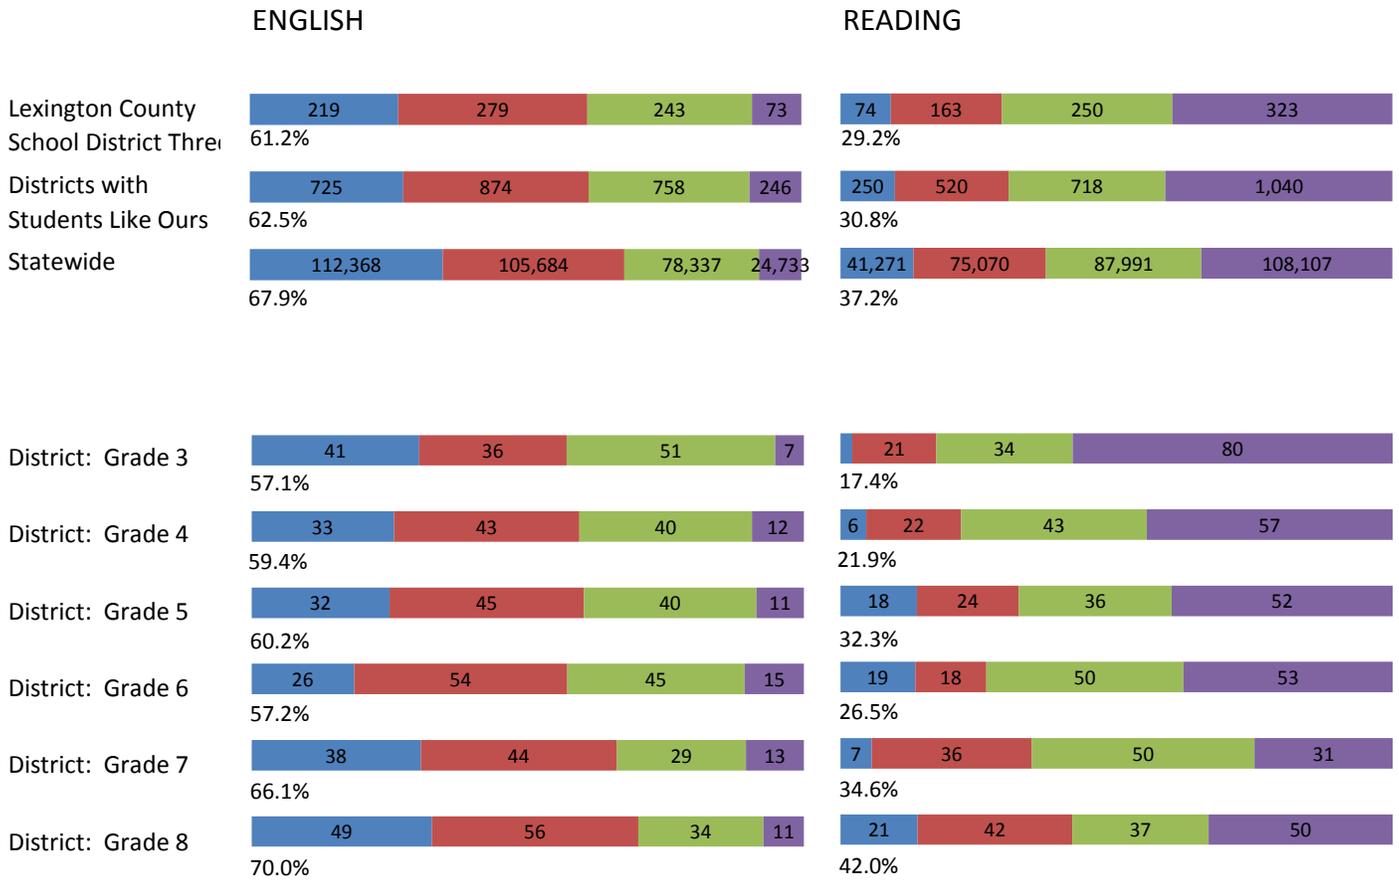

*Our district is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...*

Lexington School District Three is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe, caring, and academically challenging learning environment. Our mission is to prepare students for the future...now! Our staff has aligned our district priorities to the Profile of the South Carolina Graduate and we will continue to prepare every student for college or career pathways. Our teachers took advantage of a variety of professional learning opportunities that supported the development of the world class skills including professional development sessions on the new South Carolina College and Career Readiness Standards in English and math. Other professional learning included deepening our understanding of formative assessment, integrating technology as a learning tool in every classroom, and using the Effective Learning Environments Observation Tool (ELEOT) to increase rigor, engagement and student collaboration. Lexington School District Three also develops life and career characteristics of the Profile of the SC Graduate in multiple ways. BL Primary School implemented the Watch D.O.G.S. program where dads volunteer at least one day during the school year to support school activities and build interpersonal skills with students. Additionally, BL Primary students participated in Project Unify which allowed students to develop understanding about differences among people. BL Elementary School was awarded a Verizon Innovate Award to engage students in STEM opportunities. The \$20,000 award enabled students to work collaboratively with BL High School Mechatronics students on design challenges that culminated in a Maker Faire Event. BL Middle School students demonstrated self-direction and perseverance in several service projects to support students from the school community who faced illnesses. Finally, BL High School students participated in a pilot of technology devices. The addition of technology devices allowed students to collaborate, communicate, solve problems, and innovate across all subjects. Lexington School District Three is fortunate to have support from families and the community of Batesburg-Leesville. We know the partnerships we have with each of you will support us in the development of our future South Carolina graduates and world leaders!

\* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
