

South Carolina School Facilities Planning and Construction Committee Meeting

January 21, 2026, at 10:00 am
Conference Room A133 (State Board Room)
SC Department of Education

AGENDA

- Opening – Welcome
 - Introduction of All Committee Members Present
 - Welcome to All Visitors
- Declaration of Quorum
- Approval of the Agenda
- Committee Members Comments
- Public Comments (please limit to 5 minutes maximum per individual)
- Approval of changes for the 2026 SC School Facilities Planning and Construction Guide (Guide)
 - The current 2025 Guide that was reviewed and approved during last January’s meeting focused on streamlining and bringing the Guide into compliance with State Statutes and identifying any aspect of the Guide that differs from otherwise applicable state building codes. In summary, the Guide is designed to refocus on the substance of “the latest applicable standards and specifications”, per State Statute rather than outlining Department implementation timelines, process, and procedures. Since there have been no changes to the law nor code that would affect the current requirements of the Guide, and based on no comments being received, the 2026 version of the Guide is left unchanged.
- New Business
- Adjournment
