

SCIENCE KIT K-5 ADOPTION INFORMATION

Adoption Information

For the 2022–23 school year, the newly adopted Science kits are available for districts to purchase using their allocation Science Kit Refurbishment that will increase for FY 2022–23. For FY 2022–23, the base allocation and per student allocation will increase for each district. Of the \$20 million in funds for Science Kit Refurbishment, each district's-based allocation was increased to \$25,000. Distribution to districts of the remaining funds is based on student enrollment. Using the reported district selections, schools can order through Destiny the print and/or digital materials that support the K–12 Science kits.

Please use the link ([2022-23 Instructional Materials Adoption Information](#)) to access the 2022–23 Ordering Guidelines with information to assist schools in placing orders for print and/or digital materials. The kits adopted for districts to purchase using Science Kit Refurbishment funding are provided in the following list. Note: The listed kits may be purchased from the Central Depository (R. L. Bryan) using a purchase order. Ordering through the Depository saves districts on out-of-state shipping costs, handling fees, and taxes. For more information, contact depository@rlbryan.com, hbeasley@rlbryan.com; or cchristiansen@rlbryan.com.

Elementary School (K–5) SCIENCE KITS FOR PURCHASE WITH KIT REFURBISHMENT ALLOCATION
