RE: Laptop Giveaway for AP Computer Science Students

Code.org is working with Amazon and the College Board to help ensure students who need laptops at home can finish their AP Computer Science course and take the exam this year. Students can register at <https://collegeboard.tfaforms.net/74>. Availability is limited to a first-come, first-served basis. Students can use the laptop for the AP exam and keep it afterwards; it becomes their laptop to inspire ongoing learning.

This gift to students is made possible through a generous donation from Amazon Future Engineer for students who need laptops at home. Please share this information with all AP Computer Science teachers to encourage them to make their students aware of this great opportunity.

Please contact Andrew Cook at acook@ed.sc.gov or via phone at 803-734-7168 should you have questions regarding this information.
