Course Number and Title: 5801 Child Development 2

Course Description:

Child Development 2 is a specialized course that provides students with knowledge and skills related to children's growth and development. Students are equipped to develop positive relationships with children and effective care giving skills. Emphasis is on promoting the well-being and healthy development of children and strengthening families in a diverse society. Opportunities to investigate careers related to the care and education of children are provided. Observations, job shadowing, and service learning experiences are encouraged. This course builds on skills and information introduced in Child Development 1. Skills acquired in Child Development 1 and 2 provide a foundation for further studies and employability in Childcare and Early Childhood Education. Critical thinking and practical problem-solving are emphasized in a co-curricular approach that incorporates principles of mathematics, science, writing, and communications. Integration of the Family and Consumer Sciences student organization, Family Careers, and Community Leaders of America (FCCLA), greatly enhances this curriculum.

Grade Level:

Carnegie Units:

(Regulation 43-232: High School Credit - A school may award one unit of credit for an academic standards-based course that requires a minimum of 120 hours of instruction.)

Required Prerequisite: Child Development 1

Virtual School: Check with the Office of e-Learning to determine if this course is offered online. Go to the following webpage for additional information: <http://scvspconnect.ed.sc.gov/>
