Definitions of Performance Rating Terms

- * Technical Skill Attainment --- The percentage of students enrolled in career and technology courses at the center who earn a 2.0 or above on the final course grade.
- * Graduation Rate --- The percentage of 12th grade career and technology students who graduate in the spring.
- * Placement Rate --- The percentage of career and technology completers available for placement over a 3-year period who are actually placed in postsecondary instruction, military services, or employment.

Report of Director and School Improvement Council

The Florence Career Center, along with our business partners, have worked hard to implement the requirements of the Education and Economic Development Act. The Florence Career Center is truly a school in transition. Four new courses were implemented last year that are now new programs offering industry certification credentials to students. These programs are include Mechatronic, Health Science, Law, Public Safety and Security, and Early Childhood Education. Other programs that offer Industry Certification are Electricity, Welding, Auto Body, Auto Repair, Cosmetology, Computer Networking / Computer Repair.

Articulation agreements have been established between the Florence Career Center and Florence/Darlington Technical College. These articulation agreements allow students to receive high school credits as well as technical college credit. The following programs articulate to FDTC: Accounting, Drafting/Mechanical Drawing, Welding, Computer Networking/Computer Repair, and Computer Programming.

The Florence Career Center is working to establish student organizations in each CATE program. FFA, Skills USA, DECA, and FBLA, and First Robotics are currently offered to students. The First Robotics team (Technomancers) were winners of the Palmetto Regional competition and later competed in the International Robotics competition in Atlanta, GA. Each CATE program has an advisory committee that meets quarterly with the instructor to evaluate programs, curriculum, and equipment, and to recommend program improvements.
