REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Dear Beaufort Elementary Family and Friends,

In the process of stretching, growth inevitably takes place for both the teacher and the student. Without that extra stretch, professional growth and student progress is hindered. At Beaufort Elementary we have taken that stretch and grown by facing difficult and complex tasks to help us meet the enormous challenges we are continually confronted with. The need to improve student achievement, student/teacher attendance, and parental involvement, as well as guaranteeing a safe, orderly learning environment, is always in the forefront.

During the 2007-2008 school year, the utilization of Measures of Academic Progress (MAP) data provided the means for teachers to meet the individual learning needs of each student. The percentage of students on target for their Spring 2008 MAP goals in Reading and Math proved we were on the right academic path. In Grades 3-5, 69% of students met their spring growth target in Reading. In Grades 3-5, 56% of students met their spring growth target in Math. The district expectation was for 60% of the students to be on target. We exceeded the Reading target and came within 4% of meeting the Math target. In the upcoming school year, implementation of Everyday Math will occur. Staff development for the teaching of this new math adoption has already begun with our teachers. We believe Everyday Math will bring the added boost needed for our math program at BES.

Our students are the purpose of our work. At Beaufort Elementary, we are ABC – "All Because of Children!" As we look forward to the 2008-2009 school year, we will renew our commitment to children and always "Let it Shine!"
