Report of Principal and School Improvement Council

Bluffton High School provides opportunities for students interested in science and/or technology through four interdisciplinary small learning communities in Business and Biotechnology, Information Technology, Interdisciplinary Studies and Education, and Visual and Performing Arts. Emphasis is placed on the integration of academic and career preparation, incorporating the latest technologies, resulting in student from across South Carolina taking courses at Bluffton High School through our Virtual Learning Program. Bluffton High School offers a broad and challenging curriculum that meets the needs of a diverse population. Learning disabled students and English Speakers of Other Language (ESOL) students are served by specially adapted instructional programs. Bluffton High School realizes that, in order to educate students in the 21st century, public schools will need to make drastic changes in their approach to learning. Thus, we have established the Fresh Start Credit Recovery Program, which allows at-risk students to work and earn Carnegie credits toward the completion of their high school diploma using flexible scheduling. This approach has proven to be a successful model for students who would have otherwise dropped out of school.

Students are provided the appropriate preparation they need to enter the workforce, military service, or college, with approximately eighty-two percent continuing their education in postsecondary institutions. Advanced placement courses are available in all areas of upper level mathematics, science, social studies, art, and English courses. Students can select from honors courses in all academic areas, three foreign languages, and internship opportunities and on site workforce development training. During the 2007-2008 school year, Bluffton High School administered one hundred and fifty Advanced Placement (AP) exams to one hundred and thirty-eight students. Bluffton High School's ACT and AP scores surpassed both state and national averages. The 2007-2008 graduating class received scholarships totaling \$2,800,000.

There is a high level of participation by students and faculty in all aspects of the school program. Faculty and staff members, with the support of parents, community, and corporate partnerships, provide a learning environment in which all students can participate and achieve success in academic endeavors, sports, and extracurricular activities.

Other accomplishments include: Thirteen students were named Palmetto Fellow Scholarship Recipients and eighty-three students were Life Scholarship qualifiers. Bluffton High School's volleyball team won the AAA Division State Championship. In addition, the athletic program had state playoff qualifiers in every sport this year.
