Report of Principal and School Improvement Council

Mullins High School continues to meet the challenges of providing high standards for a student population, of whom approximately 73 percent receive free or reduced lunch. The county in which we reside has the second-highest unemployment rate in South Carolina. We continue to implement the strategies addressed in the school renewal plan, even though severe, local budget cuts have affected the degree to which the strategies could be realized.

We continue to emphasize writing skills and vocabulary development in every class on a daily basis. SAT, ACT, and HSAP problems are practiced daily. We are providing after-school remediation for exit preparation in both the ELA and math areas.

Students are provided standards-based instruction at the appropriate level, and students entering high school with academic plans are targeted for after-school assistance. The Homework Center continues to provide academic assistance and afternoon supervision.

Students continue to involve themselves in the community through food drives, senior citizen's luncheon, the Adopt-A-Highway program, the March of Dimes, the Heart Walk, the blood drive, the Manna House, visits to the nursing home, the family health fair, and the Relay for Life. Students continue to participate and excel in the Robotics First competition and the mathematics competitions at Francis Marion University, Coastal Carolina University, and Florence-Darlington Technical School. They also participate in Academic Challenge, essay competitions, the Entrepreneurship Competition at South Carolina State, and the Marching Band and Marine Corps Junior ROTC drill team and rifle competitions. The Mullins Auctioneers continue to compete in regional, state, and national venues.

The Entrepreneurship class continues to afford students a venue for direct contact with the business community and the local government officials. We recognize students monthly, quarterly, and yearly for their good character. Perfect attendance and honor roll recognition continue to be honored on a quarterly basis. Our athletic program continues to be strong with a long list of winning seasons. It also provides opportunities for its most talented athletes to vie for state awards. The Future Business Leaders of America Club was formed, and the members became quite active.

Our goal is to continue to strive for academic, artistic, and athletic excellence through the continuation of our collaborative initiatives in order to meet the challenges of a small, rural school in an economically depressed area.
