Report of Principal and School Improvement Council

Pocalla Springs has a proud tradition of excellence and continues to make improvement. The school is located in a rural area in the southeastern portion of Sumter County, one of the fastest-growing areas in Sumter. Currently, the school is in the process of renovating and adding more than 20 classrooms to the building. This will eliminate the portable classrooms. Most of the construction will be completed in time for the 2009-2010 school year.

Pocalla Springs prides itself on academic excellence. We continue to provide a positive and safe learning environment for all of our students. Our staff is comprised of highly-qualified teachers who work hard to provide rigorous daily instruction based on state standards. The teachers help each student discover their strengths, skills, and talents needed to become productive citizens. Standards-based unit plans, research-based activities, and best practices are used as the basis of instruction. Teachers participate in a number of workshops and trainings to keep abreast of new teaching strategies for elementary education. They analyze tests, Benchmarks, and MAP data in order to improve instruction. In developing the plans, teachers keep the learning styles of students in mind. The students continue to show progress on all assessments. Two computer labs, and the integration of technology in classrooms through the use of Promethean boards, digital cameras, laptops, etc., have been set up to ensure that students are exposed to all phases of technology at an early age. The library provides interactive instruction through the use of technology for students in grades three through five.

Pocalla Springs has a very active School Improvement Council (SIC). This year, the SIC received an honorable mention for the Dick and Tunkey Riley Award. This council assists the administration and staff with school needs and assessment. The primary goals for the school are to increase student achievement in all academic areas, to provide research-based professional development for staff, and to increase student attendance. The school and community members work together to set goals for the school. The PTA and School Improvement Council assist the Site Based Planning Committee with setting goals. The school works with parents to eliminate barriers to communications. Many parents volunteer in the school on a daily basis, assisting with clerical work and tutoring students who need extra assistance. The teachers and staff of Pocalla Springs Elementary School continue to strive for academic excellence through high expectations.
