REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Collaboration between parents and teachers has made the 2008-2009 school year very productive at Hampton Elementary School. As with every school year, our goal is to challenge all students academically, while providing a safe and nurturing environment. This goal can only be achieved because of the committed faculty and staff of Hampton Elementary.

All Hampton Elementary teachers are highly-qualified, and the staff includes several teachers who have or are currently pursing National Board Certification. The staff is also fortunate to have a teacher with a Ph.D. and several others pursing doctoral degrees. Hampton Elementary teachers provide diverse differentiated instruction to address the diverse learning styles of students. New to our school this year was the addition of a reading interventionist. This teacher works with small groups of students on a daily basis to improve reading and writing skills. Teachers also make use of information obtained from fall and spring results from the Measurement of Academic Progress (MAP) testing. The information is used to tailor classroom curriculums to specifically fit the needs of individual students.

Technology has also been improved over this past year with the addition of new computers to our media center and labs. Currently, twelve classrooms have either interactive Smart or Promethean Boards. With the use of this technology, student achievement has increased by giving children active hands on learning experiences. Students also had learning experiences on educational trips to various museums, and the 5th grade once again traveled on a two-day overnight trip to the Barrier Islands off the coast of Charleston, SC.

Hampton Elementary students continued to have opportunities to excel in the arts. Students in 6th grade ELA classes presented a production of Aladdin, while a drum and percussion ensemble was created for 4th grade students. Students from various grades participated with HES Dance Team. The dance team performed at numerous events and venues around our community. In the area of creative writing, our students were fortunate enough have an author of children's books to visit classrooms several times throughout the year. During those visits, students learned various techniques on how to improve their writing and were given tips on how to become a published author.

As this school year comes to an end, the entire Hampton Elementary faculty would like to thank the parents and community for your continued support. We hope our partnerships will continue to grow in the future.

Brandy Peeples, SIC Chair
