REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

A.C. Moore Elementary is located in the heart of Columbia, just minutes away from the State House and the University of South Carolina (USC). We are an award-winning school with a diverse population. Students from 18 countries who speak 14 languages attend our school and receive support through the English for Speakers of Other Languages program. We are a Red Carpet School and a 2008 recipient of the Palmetto Silver Award.

The staff, parents, and community have helped to provide an academic environment that is conducive to learning. The vision of AC Moore Elementary School, in collaboration with an engaged community, is committed to ensuring each learner achieves his/her potential in a safe, caring, creative, academically challenging, and diverse learning environment that will develop citizens for a changing world. In order to reach this vision, goals were formulated at the beginning of the school year to examine opportunities of improvement in all facets of student learning.

Our pursuit of increasing student achievement continued this year with integrating arts into the curriculum. Professional development in the arts was offered to teachers throughout the year. Arts integration and arts enhancements were done with special-area teachers, grade-level performances, artists-in-resident programs, and performances throughout the year. The integration of technology also continued as a focus for the school. All third- through fifth-grade teachers, and the music and art classrooms, have electronic whiteboards. Our goal is to expand this technology to all kindergarten through second-grade teachers.

A.C. Moore Elementary School continued its partnership with the University of South Carolina to serve as a training institution for college interns. We worked with several interns throughout the school year to help provide a service to the surrounding community. In addition to this partnership, we were very fortunate this year to have a university professor provide professional development training for our teachers and work with our students monthly. We are proud of this partnership and have plans to continue and expand both programs in the future.

Students at A.C. Moore Elementary School have access to a number of afterschool activities and programs. Students have the opportunity to participate in our Afterschool Comprehensive Remediation program and to increase participation in the arts through dance, drama, art club, mosaic club, and chorus. In addition, students participate in the Bobcat Morning News Program, Safety Patrol, and Student Council.

In the future, A.C. Moore Elementary School will continue to focus on increasing student achievement in all academic areas and increasing participation in the performing arts for all students. With the continued support and participation from our staff, parents, and community, we can address these opportunities for improvement. This will help ensure that our students will become lifelong learners and responsible, productive members of society.
