## SC PERFORMANCE GOAL

### 2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

### 2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

We are proud of the accomplishments our students and staff achieved during the 2008–2009 school year. Gilbert Middle continues to be a school where parents and teachers work collaboratively to prepare our students to be productive and responsible citizens both in the classroom and in the community.

Our teachers use their common planning time, as well as collaborative planning days, to develop common assessments, integrated units of instruction and differentiated lessons. Data provided by the Measures of Academic Progress tests helps our teachers make crucial decisions as they prepare lessons designed to meet their students' needs. The GMS Data Team develops school goals for student achievement and offers teachers strategies for obtaining those goals. The Data Team continues to note the need for our teachers to concentrate on reading performance, particularly among our male students. This is one of our challenges and, while we have been making improvements in this area, we are confident that our students can achieve more. After receiving training by the South Carolina Reading Initiative—Middle Grades, our Literacy Coach is able to provide our teachers with strategies to improve reading performance in all content areas. Reading Council members supported our reading improvement efforts through their regular meetings and by conducting book talks in their classrooms. We also created our first-ever Mother-Daughter Book Club and plan to start a Father-Son Book Club next school year.

In addition to the work of the Data Team, Literacy Coach and Reading Council, we continue to utilize our Technology Integration Specialist as well as the strategies suggested by the Making Middle Grades Work initiative to improve student achievement in all content areas. Our SIC also partnered with our Student Council on several events designed to increase parent involvement.

This year, our students raised money to support the Honor Flights SC program. This program uses donations to send World War II veterans to Washington D.C. to visit the memorial constructed in their honor. Our initial goal was to raise \$2,500, enough to send five veterans on the trip. We were proud to present the Chair of Honor Flights SC with a check for \$8,000 at our annual Veteran's Day Assembly. During this community service project, our students not only collected money for the project but also studied the era through integrated language arts and social studies lessons.

Arts and athletics had another outstanding year. We continue to be proud of our students' success on the athletic field and on the performance stage.

We want to thank our PTO and SIC for their assistance in enhancing the educational experience of our students.
