REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2008-2009 school year has been a championship year for Crayton Middle School. The Crayton Cavaliers won the District Championship in football and basketball. In addition, the Academic Team won the District Championship.

Many other honors were earned at Crayton. One hundred percent of our students passed the End of Course math exams. Crayton had many students recognized as Middle School Scholars, South Carolina Junior Scholars, and Duke Tip recipients. Students were award winners in the District Visual Literacy festival events, science fairs, and the State Fair art competition. The Mathcounts Team continued the tradition of excellence and the Mock Trial Team continues to excel.

Crayton students and teachers are to be congratulated for the strides made in the improvement of our school climate. The implementation of Positive Behavior Intervention and Support (PBIS) provided the structure and clear expectations which allowed the Crayton community to improve the overall learning environment. Students were able to participate in incentive events which helped create a closer sense of community.

The International Baccalaureate Organization re-authorized Crayton as an IBMYP school. Crayton completed the fifth year as an International Baccalaureate Middle Years Programme (IBMYP) school. In addition, Crayton became a Making Middle Grades Work (MMGW) site. MMGW is a comprehensive improvement framework which will assist us as we continue to strive toward our goals.

Parent and community support continues to be a significant factor in the success of Crayton. As the challenges of our economic times continue to put pressure on the school, we will rely even more on our PTO, SIC, Booster clubs, Business Partners, and Faith-based Partners to provide help and support to Crayton.

The faculty and staff of Crayton is comprised of highly-qualified and dedicated individuals. The teachers work collaboratively to provide effective and engaging lessons for the students. Teachers utilize common assessments to keep expectations high on all levels. By analyzing data, including data from MAP testing, teachers are able to determine strengths and weaknesses in instruction so as to continuously make improvements. The diligence of the faculty and staff will allow Crayton to continue to provide an effective and high-quality education to every student.
