REPORT OF SUPERINTENDENT

Students in Spartanburg School District Four continue to meet the challenges of a rigorous curriculum and high expectations regarding academics, citizenship, and engagement in a wide variety of co-curricular activities. Beginning with a high-quality, 4K program available to all four-year-old children within the district, continuing with caring, focused support and instruction throughout elementary and middle school, and culminating in a high school experience that challenges students to become prepared for a future of continued learning, productive careers, and contributions within their community, Spartanburg School District Four is committed to placing students first and foremost in decisions regarding the direction and decisions that impact the programs in which these students participate. Throughout this report card, statistics and graphs help describe this story. The whole story, however, is only told in full by each individual student's successes as they become able to respond to life...in other words, as these students learn the responsibility necessary to pursue higher education, engage in meaningful and fulfilling careers, and continue to contribute to their families and community for a lifetime.
