SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Parents and Community Supporters,

Charleston Development Academy Public Charter School continues working toward our unique goal of maintaining high educational standards and expectations. We, the faculty and staff, believe we can establish a significant paradigm by a) utilizing assessment data to drive instruction, b) infusing the arts throughout the curriculum to enhance achievement, c) increasing parental involvement and participation, and d) building and maintaining relationships with community stakeholders. The goal of uniting our efforts positively for the CDA Learning Community (students and their parents) is to deter failure from becoming a chronic impediment to student success.

At CDA, we are continuing to foster our mission to provide a safe and nurturing environment that encourages excellence and help establish our school culture. We place a special emphasis on implementing character-based initiatives in order to promote the personal and social development of responsible and caring students with self-confidence. Therefore, we are beginning to witness a variety of significant changes, such as increased active parental involvement, community embracement, and enhanced cultural exposure. In addition, CDA has received several local and state awards and recognitions, including the Palmetto Gold Award. And we are extremely proud that our Early Childhood Department has met full NAEYC Accreditation.

In our mission to educate the whole child, a strong presence of fine arts experiences round out our educational offerings during the school day and in an after-school format. Through collaborations with community arts agencies, museums, and a variety of service organizations, we are able to extend learning exchanges that strengthen their connections with the school culture and the Greater Charleston area.

Currently, one of the challenges continues to be the lack of diverse facility space to accommodate our burgeoning school enrollment. Short-term relief will be remedied by the addition of three lower grade level classrooms in a recently vacated space that adjoins the school and the construction of a modular building to accommodate the addition of the eighth grade classroom. At present, all classrooms are equipped with SMARTboard technology. Plans are presently underway to establish a technology lab classroom that can be shared by all grade levels.
