REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year at Douglas Elementary was filled with intense learning opportunities for students and staff. We have worked to meet the diverse needs of our students to ensure they are getting the best classroom instruction, and that our students will not be left behind. Using PASS and MAP data, we continued to implement the Focused School Renewal Plan that addressed three areas in need of improvement: math, reading, and science.

Our students experienced much success throughout the school year, while being exposed to various activities that occurred throughout this school year. Many students were on the honor roll for the entire school year. Students attended a thirty-minute, hands-on math academy in which they were grouped according to MAP data. We held an after-school program that was tailored to meet the needs of students at Douglas Elementary.

The foundation of the school rests on the shoulders of our teachers who have applied themselves beyond the call of duty. Many teachers are pursuing or have completed graduate degrees; many more attended educational conferences, and several applied for grants. All our teachers have welcomed and attended many professional development opportunities to effectively implement instructional programs. Our teachers continue to demonstrate that they will do whatever it takes to ensure all students are successful.

Our parents, community members, and district staff have all played a major role in helping Douglas strive towards excellence. Many improvements have been made, and we are a committed staff that will continue to work together to improve our school. Please continue to support Douglas Elementary in our efforts in moving from a good school to a great school.
