REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The faculty and staff at Maryville Elementary School believe in working hand-in-hand with the parents and community. We strive to offer stimulating instructional programs that will challenge our students to work toward their full academic potential.

Throughout the year we continue to assess student progress to improve instructional strategies used in our classrooms to meet the needs of our diverse population. It is necessary for us to develop enrichment, as well as remediation programs, at all levels of instruction through academic tutors, focus groups, and continuous flexible grouping to meet the needs of individual students. The students achieved much success this year with these in place. Simultaneously we examined data from common assessments, Benchmarks, DIBELS, and MAP and made adjustments to instruction as needed. Along with the implementation of Voyager in our resource classes these practices were significantly beneficial to our students' growth in decoding, comprehension, and fluency.

Maryville students are provided with opportunities through the various areas of discipline. In partnership with the University of South Carolina the teachers receive professional development through a nature based inquiry model. During this time there is establishment of an outdoor classroom and lessons using on our campus. Students are recognized in Art through the Superintendent's Art Awards and the Principal's Gallery. This year a student won first place in Horry and Georgetown Fire Safety drawing contest. Annually, our Special Needs students participate in the local and state Special Olympics in which they return adorned with medals. Our students also have the opportunity for continued growth through musical performances.

Maryville's P.T.O. has been a tremendous partner for our faculty, staff, and students. They provide classroom/field trip requests and teacher incentives. The P.T.O. is also generous when showing appreciation to faculty and staff throughout the year.

We are dedicated to achieving our mission by developing critical thinkers and preparing each student to be responsible while challenging them through their educational experience. We ask for your continued support through this journey.
