REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Ellen Woodside Elementary school has experienced an exciting and challenging school year as we worked collaboratively to create a strong cohesive curriculum that meets the needs of all of our students. Situated in a rural area in southern Greenville County, the school serves approximately 650 students in grades 4K through 5th.

This year we continued to partner with the Carolina First Center for Excellence to implement the “Quality Learning Tools” for continuous improvement. This model places accountability for learning into the children's hands as they develop academic and personal goals. The primary focus is using quality concepts, quality tools, and data collection in the classroom and school to monitor improvement and motivate learners. The model encourages effective communication, responsibility, and promotes positive social behavior. We also partnered with Michelin to provide a one-to-one mentoring program for identified students.

Throughout the year, several assessments including MAPS (Measure of Academic Progress) were used to help us analyze growth, set academic goals, and to set academic plans for all students. MAPS tests help to identify what skills students have attained and the ones that need to be taught next. We have continued to improve the quality of our program by enlisting our community resources and by developing parenting programs for our at-home partners. All students have been provided the highest quality of instruction and have been afforded the opportunity to fulfill their innate potential through the positive, creative, and challenging curriculum presented in a relevant and meaningful manner.
