Report of Principal and School Improvement Council

This has been another banner year at Johnsonville High School. The credit to our success goes to our outstanding students who have the support of a great community and school staff that continues to offer them a great learning environment. For the second year in a row, our motto is "Raising the Bar" in hopes to encourage us to approach new ideas with great enthusiasm and to continue the academic and athletic success that has made Johnsonville High School the pride of the Pee Dee Area. Among our accomplishments are the following:

One hundred percent of the Class of 2010 passed all parts of the state's Exit Exam. This is the third year in a row that we have cleared this academic hurdle. Of the Class of 2010, sixty percent were awarded state scholarships in the amount \$1,215,000 with six of these students being awarded the prestigious Palmetto Fellows Scholarship for outstanding academic achievement. The JHS mock trial team won first place in the regional competition and finished third in the state competition. During these competitions, several of our students were recognized for their superior performances. The school's math team also received accolades for winning the division championship at the Pee Dee Regional High School Mathematics Tournament held at Francis Marion University and also winning the Williamsburg Technical College "Einstein" Math Competition. Academically, the school received the "Magna Cum Laude" Award from the State Department of Education for high improvement on the ACT/SAT testing program. JHS was recently recognized by the State Department of Education as a 2009-2010 Red Carpet Award winner for outstanding customer service and improved community relations.

The sports teams continue to thrive at Johnsonville High School. This year the school won regional championships in volleyball, girls' basketball, softball, baseball, golf, girls' track, and boys' track. The volleyball team was also state runner-up and the girls' track team won their twelfth state championship.

Johnsonville High School is very proud to have ten teachers who have received their National Board Certification. This is one of the highest percentages in the state. Currently, we have three teachers on staff who have received the Presidential Award of Excellence in Math and Science. We are also the home of three teachers who have been nominated as top five finalists for the state teacher of the year.

Johnsonville High School exists in order to help each student to develop their fullest potential and reach their optimum intellectual, physical, aesthetic, moral, and social development. The school's curriculum provides opportunities for frequent and varied student participation in school events, with adjustments being made according to the individual abilities and needs of the students. Likewise, in accordance with the State Department of Education mandates, our courses curriculum has been correlated with the state standards.
