SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-10 school year was another successful year at Manning High School. There were 23 honor graduates in the class of 2010, which means that 12% of the graduating seniors earned at least a 3.62 cumulative average during their high school careers. Students earning a state High School Diploma are required to have 24 units. Thirty-one (31) percent of the senior class, a total of 61 students, qualified for either Hope or LIFE Scholarships, which will provide \$2,800 - \$5,000 per year towards college at any in-state institution, provided students are able to maintain a 3.0 grade point average in college. Two students in the graduating class of 2010 qualified for a Palmetto Fellow, earning \$6,700 towards their college tuition. Students in the class of 2010 earned approximately \$4,070,000 in scholarships to post-secondary institutions.

Manning High School continues to have success with the College Credit Program through Central Carolina Technical College. The college credits earned by our students will transfer to any public or private college in the state of South Carolina and to many colleges outside of this state. A total of 46 students attended college classes this past school year at no cost to the student or to their parents. We are very proud of our partnership with Central Carolina Technical College, which enables us to provide this valuable program to our students.

Manning High School continues to utilize the APEX Learning System in our school to assist students. APEX Learning can also be referred to as Credit Recovery, which allows students who have failed a course to retake the course via the Internet. We are striving to increase our graduation rate and lower our failure rate by utilizing this program. The program is offered during the school year and during the summer to all of the students in need.

Manning High School continues its commitment to keeping this school on the cutting-edge of technology in the state. Computer labs, mobile computer labs, and media center computers are equipped with high-speed internet connections. Manning High School has also been upgraded to having wireless Internet access throughout our entire building. Every classroom continues to be equipped with high speed Internet connections as well. Over 85% of our classrooms have plasma screen televisions that are utilized during instruction. We have begun to utilize SMARTboards and Promethean Activ Boards within our classes and discovered that class participation and student accountability has increased greatly. Manning High School has this technology in 75% of our classrooms.

I am pleased with the support the community continues to give to Manning High School. We are always open to suggestions, and we encourage anyone who would like to give us input to improve our school to contact us.
