SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Hardeeville Middle/High School is located in Hardeeville, SC and is a part of the Jasper County School District. Our enrollment has grown from 474 students in grades seven through twelve in the 2007-2008 school year, to 581 students in grades six through twelve for our current school year.

Currently, the student population is made up of:
 58% African American
 27% Hispanic
 12% Caucasian
 3% other

The average attendance rate is 96.8%. The number of students classified as disabled is 11.2%. The percentage of students receiving free or reduced lunch is presently 76%.

Our faculty is composed of forty-three certified teachers and seven certified non-teaching faculty members. We operated this school year with one certified vacancy in mathematics. This vacancy was on our 8th grade team. While the instructor had not received certification, the substitute had a college degree in mathematics. As our enrollment percentages indicated we have a large population of students who speak english as a second Language. We provide support to these students in the middle and high school with one certified (ESOL) English as a Second Language teacher for the middle school and 1 paraprofessional who supports the high school.

Based on state assessment scores our middle school was identified as a Palmetto Priority School (PPS) for the 2009-2010 school year. This determination was based on five years of cumulative test data. Two years of data submitted for our students was from their previous school (West Hardeeville). While our test scores over the past three years have risen incrementally, we still did not meet the expected progress established by the Annual Yearly Progress state guidelines. We began developing our Action Plan for 2009-2010 school year under the guidance of our assigned State Liaison, Mrs. Rachel Williams.

Spring 2010 Measures of Academic Progress (MAP) results as compared to the Fall 2009 MAP assessments indicate that 62% of our middle school met or exceeded their Target Growth Goals in mathematics and 60% in reading. Measures of Academic Progress assessments are considered excellent indicators for students' success on the State Assessments. We are proud of the efforts of both our students and our staff this academic year. We have successfully implemented all of our strategies set to reduce our student's achievement gaps.

We established a school-wide Literacy Across the Curriculum Campaign in both the middle and high schools. Our efforts included 15 minutes of mandatory reading time at the beginning of every class, and a minimum of one graded required writing assignment weekly. We also established a Principal's Book Club in the middle and high school. By participating students were required to read at least two books a month during a lunch meeting (lunch was provided by the principal) to discuss the selected book. This was initiated in hopes of encouraging students to develop a love for reading, rather than reading only for school assignments.

Another initiative that we are most proud of is our partnership with University of South Carolina at Beaufort. This year we were able to provide the opportunity for senior students to take a University 101 class through USCB that allowed our students to earn both college credit
