SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year was a memorable one at Hunter-Kinard-Tyler Middle/High School. We are exceptionally proud of our students, faculty, and staff. Also, we are pleased to uphold our duty as outlined in the Educational Accountability Act to notify the community of the outstanding things we have going on here at Hunter-Kinard-Tyler Middle/High School.

Hunter-Kinard-Tyler Middle/High School (HKT) is situated in a rural setting in an agricultural-based community. From our community, we have an active volunteer program that specifically provides assistance in reading and mathematics to our students. The cooperation and interaction between our community and school has served to greatly enhance our educational programs. In appreciation, HKT's School Improvement Council hosted its first dinner to honor our volunteers. Again, thank you to all of our volunteers.

Our academic focus for the year was "Literacy in the Classroom." The Academy of Reading, a computer literacy program based on brain research that helps children learn the skills needed to be fluent readers, was made available to students. All middle school students and numerous high school students participated in the program. HKT also participated in the S²MART Centers SC Content Literacy Seminars, sending one team from the high school (ELA, math, science, and social studies), and collaborating with the elementary school, sending a math and ELA person as part of the middle school team. The goal is for the teams to implement effective content literacy strategies in their own classrooms and develop school-wide professional development plans focused on content literacy.

Also, HKT hosted a Technology in the Classroom Night allowing the community to become familiar with and access Accelerated Math, Online Text books, USA Test Prep/ Virtual Learning, Compass Learning, Streaming Videos, and other teacher assisted programs. To better implement the computer-based instruction, an additional computer lab was set up on the H wing.

Among the schools accomplishments are the following: 85% HSAP passing rate, Spring 2009; 72.9% on-time graduation rate, 2009; 15 seniors qualifying for Life Scholarships; 15 Seniors qualifying for Hope Scholarships; and 11 Seniors enrolled in Middle College Program through O-C Technical College. Free after-school tutoring and additional computer-assisted test preparation is available for all middle and high school students, as well as transportation at the conclusion of the session. Our football team had its best record in almost 30 years. Our basketball teams were regional contenders and participated in the SCHSL playoffs. The 33 members of the National Honor Society provided funds to the Boys and Girls Club of Orangeburg, the American Red Cross, and the Leukemia and Lymphoma Society.

Hunter-Kinard-Tyler Middle/High School's administration, faculty, and staff, along with the involvement of the School Improvement Council, will continue to look for better ways to improve academic progress. We actively solicit and welcome your support in this effort.
