Report of Principal and School Improvement Council

Hemingway High School, located in the town of Hemingway in the Pee Dee region of South Carolina, serves grades seven through twelve. Student enrollment in 2009-2010 was 576 and included 86.1% African American, 10.6% White, and 3.3% minority.

We continue our commitment to improve student achievement and to provide for our students the best education possible. Our accomplishments for the 2009-2010 school year include continuation of the High Schools That Work/Making Middle Grades Work initiatives, inclusion of an instructional curriculum coach, participation in the district's early college program, participation of all certified staff in professional development sessions and book studies, and providing incentives for student achievement.

Other strategies for increasing student achievement include the summer and afterschool transition program for the 7th, 8th, and 9th grade students, afterschool tutoring sessions focusing on PASS and HSAP skills, intensive reviews for HSAP and PASS immediately preceding the state tests, and use of MAP (Measures of Academic Progress) data to drive instruction. In addition, Hemingway High School students won recognition for regional athletic awards in basketball and football, to include a state championship in basketball, as well as scholarship offers in excess of \$4.0 million.

We commend our students and staff for their hard work during the past year; however, we continue to face challenges in the areas of student achievement and parental involvement. By working together, students, teachers, parents, administrators, and community members strive to fulfill our mission to prepare all students for success.
