The staff has been busy with the improvement of instruction as we begin our thirteenth year as a Standards Based Curriculum School. Our goal of maintaining and improving our PASS scores will be addressed in a variety of ways: a 21st Century Grant that enables us to provide Merit Academy (afterschool program for at-risk students); NCS Learn Lab (computer lab); programs that continue to help improve academic skills; and technology upgrades that aid in classroom instruction.

We appreciate the support of our PTO, School Improvement Council, and Business Partner. The PTO held fundraisers to purchase student supplies and assisted in numerous school activities. We salute our parents, local industry, businesses, and community, and thank them for their continued support. Together we are building a brighter future and opening the door for a new century of progress.
