REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Welcome to James Island. James Island, a small community located in Charleston, South Carolina, is a unique place to live and raise a family. At James Island Middle School, we are committed to student academics, as well as to educating the “whole child.” At JIMS, our mission is to create and maintain a school where the staff and community work closely together to support and nurture children, and where education is of primary importance to all. Our school promotes a safe, orderly, caring, and supportive environment through the use of a positive behavior support system known as PBIS. Each student’s self-esteem is fostered by positive relationships with other students and staff. We have been recognized for our commitment to the PBIS model by being awarded the “Banner Award” by the state. We have also been recognized as having a welcoming environment by being awarded the “Red Carpet Award” by the state as well.

Our community has always played an important part in the success of the school and our students, as evidenced by our involvement with the James Island Community Outreach, a group consisting of community members, religious leaders, law enforcement members, and educators working together for our youth. James Island Middle School features outstanding academics, fine arts, and athletic programs. Our strings program received a Superior rating in the SC Concert Festival, and our band program received an excellent rating. Academically, we accommodate the learning levels and styles of all of our students through our honors, grade-level, and remediation programs. In addition, we offer four high school credit classes to our seventh and eighth grade students. These courses help prepare our students for entrance into the International Baccalaureate Program at James Island Charter High.

We believe that it is critical that students participate in a variety of fine arts programs and extracurricular activities. Our students are able to enroll in Art, Band, Spanish, Strings, Computer Applications, and Physical Education. In addition, students can participate in a variety of clubs, sports, and service learning projects. The opportunity to perform, work cooperatively, and travel together allows our students to gain self-confidence and lifelong skills for success. A strong academic curriculum, a vigorous fine arts program, and extracurricular activities encourage our students to pursue their individual strengths.

We educate our students to become confident, competent, responsible citizens through diverse learning experiences in a positively structured environment.
