REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Charleston School of the Arts takes pride in announcing, that once again, we have been recognized as one of the top schools in our state. This recognition is based on the school's strong SAT scores. This year's scores averaged out at 1611. Just as importantly, we were honored with the very impressive news that we were given the "Silver" award from the U.S. News and World Report. This commendation was based on our very solid and impressive Advanced Placement scores and several other pertinent performance factors. Our ranking placed us as one of the top two schools in our state. Moreover, we continue to be ranked as one of the top 200 schools in the nation.

The fine arts programs in our school have also received national acclaim. Creative writing and visual arts students have been recognized in New York with top national awards from the Scholastic company. Ratings of "Superior" have been bestowed upon our students at nationally adjudicated band, orchestra, and vocal music competitions. Additionally, our student theatrical productions, dance performances, and piano recitals are magnificently presented and continue to endow our school with honors and awards.

Performance scores from the College Board in our seven Advance Placement courses rank us among the highest in the district. Achievement and performance measures from MAP, HSAP, and End of Course assessments remain equally impressive as a quality indicator of student success. This year also provided us with the opportunity to celebrate in receiving the South Carolina Palmetto Gold awards for outstanding achievement and for reducing the achievement gap between student populations. Student achievement and peak performance has allowed our senior class to receive 4.6 million dollars in college scholarships this past year.

Great pride is taken in having a diverse population that is represented by students from every corner of Charleston County. Our current enrollment sits at approximately 1025 exceptional students. Our students bring unique talents and quality personal experiences that enrich our school in every way. All of our students are highly creative and independent thinkers who understand the power of collaboration in solving problems. Students are regularly challenged to critically analyze and hypothesize within an authentic instructional environment.

We strongly believe that the culture and climate within our student-centered school community provides an experience that supports our expectation of personal best student performance at the School of the Arts. Superior student achievement is exemplified through a perfect blend of academic and artistic excellence in a unique sixth through twelfth grade setting.

We at the School of the Arts not only believe that dreams can come true, but we regularly turn our dreams into reality. Students, staff, and parents alike work as a team, focused on accomplishing common goals. Shared dedication, passion, creativity, and collaboration are required to achieve and meet our goals.
