All Subjects	100.0	96.4

SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

Percent satisfied with school-home relations	93.3%	88.1%	68.1%

*Only students at the highest middle school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of Hughes Academy of Science and Technology is to create independent thinkers for the future in an ever changing society. Our developmentally appropriate, school-wide curriculum is fully aligned to state and national standards. Faculty and support staff members are dedicated to concentrating on best practices and strategies that improve the educational profile and academic standing of our school.

Education/ business partnerships are designed to prepare our students to compete in a global economy. We also provided a supportive school environment that prompted student learning. Faculty and staff improved communication between homes, the school and the community.

Students continue to be challenged academically. This year Hughes Academy provided a Spanish immersion class and synergistic science labs on all grade levels. This insured that Hughes Academy is on the cutting edge of innovative science curriculum. Hughes Academy will continue to use MAP testing to assist teachers designing lesson plans, which raised academic success of the students. In addition, students were given the opportunities to participate in other extra-curricular activities which develop the total student.

The Parent Teachers Student Association (PTSA) at Hughes Academy continues to initiate and support numerous opportunities for student and parent involvement on our campus. The School Improvement Council (SIC) is a valuable resource in evaluating growth areas viable to the health of our school. Business partners continue to assist the school financially, as well as provide tutors, speakers and other resources.

The educational climate at Hughes Academy continues to improve. The teachers continue in their efforts to become more effective classroom instructors by seeking advanced degrees with the goal of all teachers achieving highly qualified status. With the support of business partners, parents, teachers, and the community as a whole, our goal of making Hughes Academy the outstanding science and technology school in the south east can be achieved. We look forward to a successful 2010-2011 school year. Our efforts will be concentrated on a new initiative, Making Middle Grades Work. Additionally, emphasis will be placed on best practices.

Dr. Patrick J. Mark, Principal

Mrs. Robin McKenna, SIC Chairperson
