REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Washington Center, located in Greenville, South Carolina, is a separate public school serving students exhibiting severe mental disabilities. Students have coexisting disabilities such as autism, blindness, deafness, speech deficits, and motor impairments. Significant cognitive disabilities and compounding health issues are factors impacting student progress and attendance. Enrolled students live throughout the district with special transportation provided. Staffing committees comprised of parents, administrators, classroom teachers, therapists, psychologists and agency representatives develop individualized educational programs as the basis for curriculum. Following federal due process procedures, recommendations are made for placement at Washington Center.

Students attending Washington Center range in ages 5 to 21, grades Kindergarten through 12. During the 2009-2010 school year, Washington Center served 136 students with 18 classroom teachers, one homebound teacher and 48 para-professionals. Support staff includes a Horticulture specialist and a Daily Living instructor as well as Art, Music and Adapted Physical Education teachers. Staff members also incorporate three administrators, office secretary and clerk, a Media Specialist, Therapists (physical, occupational and speech), custodial and cafeteria personnel, two registered nurses, three licensed practitioner nurses and an orderly. Vision, orientation/mobility, and hearing services are available on an itinerant basis for qualifying students. Washington Center occupied a new campus in the fall of 2005 as a prototype, state-of-the-art facility for special needs instruction. The school includes: 18 specialized classrooms, multisensory suite, multi-purpose gym, media center, art and music classrooms, Horticulture area with greenhouse, Daily Living classroom, instructional kitchens, and speech lab. Students have access to the state curriculum through standards-based instruction with evaluation via the South Carolina Alternate Assessment. The school offers specialized curriculum such as the Mobility Opportunities via Education (M.O.V.E.), Horticulture and Daily Living programs, with learning access through augmentative communication and assistive technology program. Technology is integrated through touch screen adapted computers along with the use of Smart and Promethean Boards. Students participate in Special Olympics. The Carolina Therapy Dogs team provides monthly interactive sessions with certified, trained pets. Sensory integration opportunities are curriculum-based. A handicapped accessible playground provides appropriate special needs recreation. Integrated inclusion activities are shared with neighboring regular education schools. Volunteerism from area schools and the community is prompted along with numerous business partnerships. The annual "Walk and Roll" PTA sponsored fund raiser inspires community involvement. All programs are tailored to meet individual needs. As the motto states, families and staff believe that "Those You Think Cannot...Can!" The mission of the school is to provide opportunities for students to explore and develop potential for independent functioning and community involvement by addressing students' individual needs and creating a partnership with home, school, and community. Dr. Wanda Brownlee is the current Washington Center principal. Mrs. Cathi Moffett served as the School Improvement Council Chairman for 2009-2010.
