REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of Westview Middle School is to develop students into capable, confident, and responsible members of society. This mission is reflected in everything we do and guides all of our decisions and actions.

This year our focus was on improving academic achievement through student engagement and increased instructional time. Additional instruction was provided for students before school, after school, and during related arts time. Project based learning opportunities, increased student choice, and real-life applications were used during classroom instruction to promote student engagement.

Five computer labs were available to enhance technology experiences for our students. The Compass Learning computer program was used to remediate and enrich student learning based on individual MAP (Measures of Academic Progress) scores in the areas of reading and math. Science and social studies classes also used the program to focus on grade level standards-based activities.

When compared to schools like ours in South Carolina, Westview had a higher percentage of students scoring exemplary in math, science, and social studies. Two hundred seventh graders participated in Algebra 1, English 1, and Business Computer Applications for high school credit. One hundred percent of our students taking Algebra I passed the end of course exam and eighty four percent of the class made an A on the exam.

School spirit and community relations were at an all time high this year thanks to the work of Titan Productions. This group involved our step team, dance team, cheerleaders and inspirational choir. Their numerous activities provided motivation and promoted school pride throughout the entire community.

As we continue to strive for excellence, we are proud of the following accomplishments:

Westview was the only middle school in our district to have two Academic Challenge Teams to place in the finals of our district competition.

A Westview student was the district winner of the State Superintendent's Writing Contest.

Eighteen students qualified as Duke TIP or SC Junior Scholars.

We would like to say a special thank you to all of our students, parents, teachers, counselors, administrators, and support staff who work together to make Westview Middle School a learning community that truly empowers students with the skills and attitudes needed to succeed in life. We look forward to continued success and improvement in the future.
