REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The Marlboro County School of Discovery continued to grow and excel during the 2009-2010 school year in both the arts and academic realms. Once again, the school anticipates meeting Annual Yearly Progress. The Discovery School completed its fourth consecutive year of being a Teacher Advancement Program (TAP) school. TAP is a comprehensive school reform aimed at restructuring the teaching profession while attaining measurable gains in student achievement. The school earned a value-added score of 3 out of a possible 5 based on 2009 PASS scores, which is reflective of the hard work of the staff and student body in making a full year's academic growth.

This year, the school had two students recognized as South Carolina Junior Scholars. One student was a recipient of the Daughters of the American Revolution Citizenship Award. We also had twenty-three students inducted into the Junior Beta Club. For the third year, the School of Discovery had an Academic Challenge Team that represented the school admirably. Nearly two-thirds of the student body met or exceeded their target growth scores on the MAP tests or else scored at the 80th national percentile or higher.

The School of Discovery Dancers performed at a national dance competition in Orlando, FL, and won two dancers won first place in their division and category. The Discovery Singers competed in a national choral festival in Orlando and earned a rating of "Excellent" for the Show Choir category.

This year the school continued tenants of Positive Behavioral Interventions and Supports (PBIS). The focus of PBIS is on recognizing and rewarding students for positive behavior. This program helped encourage and motivate our students to consistently demonstrate good behavior and the students enjoyed the numerous incentives provided for them during the year.

High expectations are the norm at the Marlboro School of Discovery and those high expectations continue to translate into positive results. There is an equation familiar to many educators that sums up the core of our philosophy at Discovery: Expectation + Concentration = Manifestation. By coupling high expectations with rigorous instructional concentration, Discovery continues to celebrate student academic growth manifested in desirable achievement results.
