REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Boiling Springs Junior High School is a student-oriented school with a supportive environment which allows students to focus on learning. During the 2009-2010 school year, our enrollment totaled 1187 grade seven and grade eight students. The successes of the academic, athletic, and fine arts programs at our school can be attributed to the hard work of conscientious students, dedicated teachers, and supportive parents. At Boiling Springs Junior High School, students truly come first.

Our students made improvements both on state testing and on MAP testing this past school year. Student improvement was directly related to classroom instruction provided by teachers and through the utilization of Odyssey software. Of our eighth grade students enrolled in Algebra I, eighty-one percent scored either an A or B on the End-of-Course Examination. On the English I End-of-Course Examination, sixty-nine percent of students scored an A or B. This year, seventy-eight grade-eight students were named South Carolina Junior Scholars for their outstanding scores on the PSAT. Four grade-seven students received state level recognition as Duke University TIP Scholars for their exceptional SAT/ACT scores. Twelve students were accepted into the Scholars Academy at the University of South Carolina Upstate, enabling them to take college courses throughout high school.

Approximately forty percent of students participated in the band, chorus, or orchestra programs. Also, we had approximately two hundred student athletes who participated in football, basketball, volleyball, and cheerleading. Our Battle of the Brains Team finished in first place out of thirty-three competing teams from five counties winning a monetary award as well as a trophy. Students in the art class and art club won numerous awards in five different competitions this past year.

Parents were actively involved in their children's education by attending parent teacher conferences, PTSO meetings, Open House, and award ceremonies, as well as chaperoning field trips and special events, and monitoring during standardized testing. Assistance from the community also came in the form of a \$5,000 Lowe's Toolbox for Education Grant, which allowed for the assembly of an outdoor classroom on campus. The PTSO worked tirelessly in raising funds to provide rewards for students, an appreciation luncheon for teachers, and landscaping supplies for the school's campus. This organization was invaluable to the success of our students and teachers. Our band, chorus, and orchestra students presented exceptional performances during the PTSO meetings.

Boiling Springs Junior High School is a student-oriented school where students come first. Teachers at our school are diligent in their efforts to improve student achievement and to help students succeed. Through constant monitoring, we strive to maintain a safe and secure learning environment for all of our students. We are a school in which students, parents, and the community can take pride.
