REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year was another great year at McCracken. We had many accomplishments at the regional, state, and national levels in academics, arts, and athletics. This level of recognition was possible because of the tremendous support of our entire school community for our students and teachers.

Building on our tradition of excellence, McCracken had another banner year with a number of outstanding accomplishments. Our Math Counts team proved successful again this year in regional competition. Our Wordmaster team ranked second in the nation for the first time ever. On their respective exams, the Latin and French students ranked nationally. Other notable accomplishments and activities garnered recognition for McCracken with our Youth In Government students, Battle of the Brains Team, and many other activities. Students in the performing arts earned superior rankings at competitions, and we had a number of students selected for region and state chorus, band, and orchestra. Our visual arts students, along with drama and chorus, produced the schoolwide musical "Once Upon A Mattress." Our athletic teams dominated the fields of competition in regional, district, or tournament events. Our football team was the Little Six Conference Champion, and our Lady Eagle basketball team was the tournament champion. We extend our congratulations to our super students and dynamic teachers and coaches.

Our teachers continued to develop their repertoire of cutting-edge teaching strategies by participating in three book studies designed to encourage hands-on teaching strategies, actively engaging students in the classroom, and continued use of data to inform their teaching. Writing was emphasized in all of our classrooms, and we focused on building rigor into all aspects of learning as we pursue our focus of becoming a Pre-AP school. Our parent and school community were very supportive in preparing our students for testing this year. We showed gains in meeting our target scores in both math and language arts as measured by MAP this year between our Fall and Spring testing cycles.

Thank you again for your continued support of our students and teachers. We simply would not be able to accomplish so much and to maintain our reputation for excellence in education without your positive and active involvement. You make such a tremendous difference.

Stephanie Hall, SIC Chair
