REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year marked the beginning of "The Pride" of Sims Middle School Tigers, which represented the combined educational efforts of grades 6th, 7th, and 8th. The mission of Sims Middle School is to participate in the building of a community which promotes learning as a lifelong process, provides challenging educational experiences, and prepares students to be confident, productive members of an ever-changing technological society. The 2009-2010 school year provided many challenging and stimulating opportunities to move toward successfully accomplishing our goals.

As we opened a new state-of-the-art school, Sims Middle School students were provided diverse and rigorous educational experiences. Single-gender classes were offered to students in order to promote improvement in academic achievement and behavior. Advanced-level instruction was offered in ELA, Math, and Science. Ongoing emphasis was placed on high academic standards as we saluted 9 students as SC Junior Scholars and recognized 3 students for being named Duke TIP Scholars. The Junior Scholars visited local college campuses to promote higher education awareness, linking their ACT and SAT performances to college opportunities. The academic improvements continued in our End-of-Course tests. Our averages in English I, Algebra I, and Physical Science exceeded the state average in every subject, with the biggest gain in Physical Science. Sims students earned an average score of 81.6%, which is above the state average of 72.5%. Career awareness was introduced as all grades studied the sixteen career clusters and the job opportunities within each cluster. The 6th, 7th, and 8th graders had 100% participation in virtual job shadowing.

In an effort to maintain a positive school climate, students who exhibited good behavior were rewarded at the end of each nine weeks with incentives such as a movie, an ice cream party, a pizza party, and a skating outing. Students who maintained exemplary behavior throughout the school year were given the opportunity, according to grade level, to attend Carowinds (8th), Frankies Fun Park (7th), and Mr. Gattis (6th).

Teachers strived to integrate technology to deliver instruction through use of our laptop computer lab, digital imaging, and SmartBoards. Students were encouraged to use technology to complete research and special projects. Parent and teacher communication through technology was also improved with emails, grade reports, and homework assignments being posted each day on our school website using OnCourse.

Our school continued to offer extracurricular activities such as the Academic Challenge Team, Battle of the Brains, Jr. BETA Club, band, Sims Singers, SGA, and First Priority. Athletic opportunities are available in football, volleyball, basketball, baseball, track, tennis, soccer, cheerleading, golf, and softball. The girls' softball team experienced an undefeated season this past year.

Sims Middle School is fortunate to have opened a brand new facility this past school year. We had a successful year and will continue to provide as many opportunities for success as possible. Our school is dedicated to helping students achieve both in and out of the classroom.
