Report of Director and School Improvement Council

The Beaufort-Jasper Academy (ACE) provides Career and Technology Education (CATE) to public high schools in Beaufort and Jasper County school Districts. Students attend ACE from the 7 high schools and 1 junior high schools in the two counties. ACE strives to prepare students for college and provide high –level technical training for students in grades 9-12. The faculty embraces a model that infuses reading and writing, math, and essential skills through the curriculum. ACE received the Palmetto Gold Award in 2006, 2007 and in 2012. ACE also received a Palmetto Silver Award in 2004. ACE offers 13 completer programs. Students elect to attend classes at ACE on either a full-time or part-time basis. Students are encouraged to participate in a professional development through co-curricular leadership activities with national student organizations such as National Technical Honor Society, Skills USA, Future Farmers of America, Health Occupations Students Associations (HOSA), and American Welding Society. ACE has over 50 Partners from business, industry and the military. There is ample opportunity for students to complete a work-based learning experience or participate in community service events. A senior capstone project is expected of all students who complete a technical program. The project incorporates a research paper, a finished product and an oral presentation judged by a panel of business and industry partners . Each Year, ACE inducts students into the National Technical Honor Society .Each year, ACE places over 97% of seniors who complete a technical program in a related job, college or the military.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	N/AV
Overall Grade Conversion	N/AV

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations
