Report of Director and School Improvement Council

Dear Parent / Guardian: Rock Hill School District's Applied Technology Center (ATC) provides career and technical education programs of study for students enrolled at either of the district's three high schools... Northwestern, Rock Hill, or South Pointe High School. ATC is fully accredited by the Southern Association of Colleges and Schools, and offers a variety of career-based courses; such as, Pre-Engineering, Industrial Trades Technology, Culinary Arts, Videography and Editing, Digital Art and Design, Graphic Design and Printing, Cosmetology, Fundamentals of Teaching, Medical Science Technology, Marketing, Personal Finance, Pharmacology, Architectural Drafting, Landscape Design, Turf Management, and our newest program Material Handling and Logistics. Exposure to these career related courses provide our students with both theory and practical experiences from which to make informed decisions regarding their eventual career path, as well as the post secondary experience necessary to achieve their career goals. Making career decisions after high school can be extremely costly in terms of time and expense. By taking courses at ATC students may graduate from high school with a more definitive education plan beyond high school, and a greater likelihood of deciding on and achieving their career goal. Our students are placed in learning environments that reflect the 21st century work-place; therefore, preparing them for immediate success in careers of the future. ATC is proud to partner with York Technical College and Winthrop University to offer courses that align curriculum and course requirements with compatible courses at each respective school of higher learning. Participation in the Early College program provides students the option of being dually enrolled in courses to receive both high school and college credit. Many programs of study at ATC offer up to six college credits that may be applied toward a program degree or certification. Accomplished students in each of our career and technical programs participate in skills competition across the state and nationally with other students in related career and technical programs. ATC is recognized state wide as being highly competitive in each category. Students in the Cosmetology program are eligible to receive their state license upon successfully completing the theory and practical portion of the state certification exam. Our students have earned a 100% pass rate on the exam over the past several years. Our faculty and staff invite the community to visit their school to learn more about the "best kept education secret in Rock Hill", where students are prepared to learn, grow, and thrive in the 21st century.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
