District Superintendent's Report

Horry County Schools has made significant progress toward our vision to become a premier, world-class school system in which every student acquires an excellent education. We are pleased to share our performance with you. Our 2012 graduates earned a record 48.6 million in scholarships. Three-fourths of the 2,162 graduates planned to continue in post-secondary education. Seven seniors were named National Merit semifinalists. The composite on the 2011 SAT gained five points and performance remained the same on the 2011 ACT. The Academy for Arts, Science and Technology and Socastee High beat the national composite on both tests. North Myrtle Beach High surpassed the national composite on the SAT while Carolina Forest, Myrtle Beach, and St. James high schools surpassed the national composite on the ACT. Student performance on Advanced Placement exams improved four percent. Among South Carolina high schools, Aynor High ranked #8 and Socastee High ranked #16 in the 2012 rankings of U.S. News and World Report's America's Best High Schools. St. James High was one of 13 schools in the nation to receive the Outstanding High Schools That Work award. The SC Education Oversight Committee recognized 41 schools for significant improvement and closing the achievement gap of low-achieving students. Burgess Elementary was one of only four schools from across the state to win the prestigious Palmetto's Finest Award in 2012. Forestbrook Elementary was named a finalist for the 2012 National Blue Ribbon Schools Award. The Scholars Academy's We The People team swept the state competition winning all six unit awards and the state championship. HCS students collectively claimed 30 percent of total awards at the South Carolina National History Day Competition. More than 700 students showcased their work at our third annual Technology Fair, including 17 teams from elementary and middle schools that participated in the LEGO Robotics Challenge. Socastee High won first place in regional competition for underwater robotics and competed internationally. Student actors from the Academy of Arts, Science and Technology bested 20 other high school theatre ensembles and represented South Carolina at the International Thespian Festival. St. James Middle, Ocean Bay Middle, North Myrtle Beach Middle, and Black Water Middle, won 1st through 4th place, respectively, at the National Chapter Level MATHCOUNTS competition. In addition to the achievements we celebrate with our schools, HCS launched a STEM program with an inaugural ninth grade to nurture students with academic strengths and career interests in science, technology, engineering and math. Enrollment continues to grow in our HCS Virtual School as more students are taking advantage of online options to expand curriculum choices and add flexibility to their schedules. It is our privilege to serve our students, families, and communities.
