There are no charter schools in this district.			

REPORT OF SUPERINTENDENT

Laurens School District 55 marked accomplishments despite the ongoing reduced state funding. By continuing to implement cost-saving measures involving all areas of operations, the district has maintained a stable financial position. Grant awards provided over \$500,000 for additional student resources. In our instructional program, we continue providing quality learning opportunities to meet the needs of our diverse students. Technology provides students access to various instructional software to assist with enriching and expanding student knowledge. Software programs range from providing access to software for reinforcing academic skills 24 hours a day to helping teach Latin to gifted and talented students to customized instruction for individual students. We have a longstanding tradition of excellence in our fine arts program. Kaleidoscope Showcase of the Arts, a weeklong schedule of activities involving all schools, takes place in the business district and is a joint effort with community partners. One of the districts major goals is to use data to drive the districts decisions and to individualize student instruction. Each school used its data to create a plan for improvement in the areas of student achievement, teacher/administrator quality and school climate. Professional growth is an important component in our districts commitment of having a highly qualified teacher in every classroom. Employees participated in over 3,000 hours of training provided by the district mostly in after-hours mini-courses. Our district child nutrition director was named the South Carolina Food Service Director of the Year. The transition program, which prepares students with disabilities to make the transition from school to the community and employment, received the Outstanding Program award from the South Carolina Council of Exceptional Children, division of Transition and Career Development. Our district is one of two districts in South Carolina to receive the designation to the College Boards second annual AP Honor Roll for significant gains in Advanced Placement access and student performance. Nine of our eleven schools received a Palmetto Silver award, which recognizes schools for academic achievement and closing achievement gaps. Parent, student, and teachers of the year advisory councils meet with the superintendent and staff throughout the year to share ideas, discuss initiatives, and provide and receive information on issues confronting the schools. These discussions help in planning for the future as the district embraces its vision, mission, and beliefs and focuses on community engagement and improving student test scores. The district implemented a five-year capital needs plan for the purpose of maintaining buildings and equipment in a clean and safe manner and planning for the repair and/or replacement of buildings and equipment. The Board of Trustees provides vision and valuable leadership and regularly recognizes staff and students for outstanding achievement. The Board of Trustees and administration appreciate your involvement in and support of our schools. Please feel free to contact me, the assistant superintendents, principals, and other school leaders whenever you have questions or concerns.

Billy R. Strickland, Ed.D. Superintendent
