Report of Principal and School Improvement Council

Believe, Encourage and Empower! We promoted this slogan throughout our school showing how we want our children to B.E.E. the best that they can "bee". Pee Dee Elementary received recognition from the SC Education Oversight Committee as a Palmetto Silver Award winner for overall achievement. Our Positive Behavior Interventions and Supports (PBIS) recognition from the SC Department of Education was at Banner status for the quality of work in supporting a climate that leads to student success. Our anti-bullying policies were known to all students, parents and staff members providing support for right choices while recognizing, refusing and reporting any wrong choices with behavior. Our discipline referrals reduced another 14% this year. We added a lifeskill wall showcase and began "Caught Being Good" referrals. Nicole Hinsey achieved top certification as a National Board Certified Teacher. The Pee Dee Elementary chorus received an Excellent rating at the Carowinds music festival.

Volunteers doubled once again. PTO led the way with raising over \$10,000 to help support a shaded shelter area for outside to be enjoyed by community and our school. Benevolence activities supported children in need and reached out most notably in providing 35 families with items for the holidays. We continued to grow in enrollment throughout the year topping out with 760 students. Buzzpower supported after school tutoring and enrichment activities for 135 of our students. Goal setting using MAP information along with providing interventions specific to students' needs promoted a significant reduction in the number of students needing intensive support. Events such as Math Camp and incentives for reaching growth targets empowered students to achieve more than ever before. The encouragement and belief in our students along with the support from community and families was evident throughout our traditionally sponsored events such as Grits for Grandparents, Pastries for Parents and our Multicultural Fair. Our teachers began to engage in data team cycle work. This strategic and intentional approach to work helped focus our attention on helping all students meet and exceed expected standards while promoting teamwork among the grade level. Our School Improvement Council worked on the school renewal plans for the strategic plan of Pee Dee Elementary. Technology grew with a Smartboard or MOBI board in every room. 4th and 5th graders each had their own laptop. A focus on 21st century skills for our students continues to be a priority.

Pee Dee Elementary is a great place to B.E.E.! Our efforts for the 2011-2012 school year were all about finding solutions for our students and helping them to succeed.

Ceryl Banks, Principal

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
