## Report of Principal and School Improvement Council

During our fourth year at New Providence Elementary School, we focused on “Leading and Learning in the 21st Century.” Through the collaborative efforts of our dedicated faculty and staff, our PTA, School Improvement Council, business partners and parents, we continued our tradition of providing outstanding leadership and academic opportunities for all our students.

Although our school year was filled with much success, we face our share of struggles. Like many schools, we struggle with increasing class sizes, implementing new initiatives and doing more with fewer funds. We also continue to search for ways to challenge and extend learning for our high-achieving students, while we simultaneously provide support and remediation for our students who struggle with a variety of academic, social and emotional challenges. Although these issues produce barriers to learning, we are dedicated to meeting the needs of our students through innovative programs, differentiated instruction, student empowerment and outstanding support services.

The implementation of the Lifelong Guidelines and Life Skills this year enhanced our leadership and character development strategies. Students were immersed in these skills on a daily basis and recognized for using them. To further expand leadership knowledge, students learned about local, national and global leaders. They created immersion areas within their classrooms that showcased their learning and participated in our first annual Leadership Day. During this day, our students heard presentations from community, state and global leaders. Students were given the opportunity to interact, ask questions and share their knowledge with many leaders throughout the day. Through activities such as Lion Leader Council, Safety Leaders, School Store, Flag Bearers, Peer Helpers and the Mane News Team, students displayed leadership.

Academically, our lions continue to roar by surpassing district and state averages in all categories. Our Palmetto Assessment of State Standards (PASS) data shows that at least 93 percent of our students met or exceeded standards. In the area of writing, 96 percent of students exceeded standards. Measures of Academic Progress (MAP) data indicated an average proficiency measure of 93 percent across all grades in reading and math. Dominic reading assessment scores indicated that an average of 93 percent of our students in kindergarten through third grade finished the year reading at or above grade level.

The 21st century NPE experience was further enhanced this year through numerous before- and after-school activities such as All Pro Dads, Girls on the Run, Lego camps and Providence 21. Through the support of our PTA and School Improvement Council, our students experienced exciting on- and off-campus activities such as summer tutoring, a poetry workshop with author Brod Bagert and exciting field trips to Charleston Patriots Point, Riverbanks Zoo, the Columbia Art Museum and the South Carolina State House. What a great year of Leading and Learning at NPE!

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>98.0</b>
<b>Overall Grade Conversion</b>	<b>A</b>

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

**Accountability Indicator for Title I Schools**

New Providence Elementary school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
