Report of Principal and School Improvement Council

Catawba Trail Elementary School is proud of its stellar first year. Our students, families, faculty and community embraced the challenges of opening a new school and worked together to set a foundation of success for all students. Key to our success has been the invested parent leadership of our School Improvement Council (SIC) and our Parent-Teacher Organization (PTO). We have worked diligently to provide students ownership of their learning, beginning immediately with our students leading the process for our selection of a school mascot- The Colts- and school colors-Blue and Gold. Our School Dedication on November 17th was led entirely by students and each grade level performed during the program.

Our technology-rich environment includes One-to-One computing in grades three, four and five, with each student assigned a laptop for in-school use. In grades one and two, there are five laptops in each classroom. Every classroom school-wide is equipped with five iPads, a flip-cam and a digital camera. Students are comfortable with technology as a tool to enhance their learning and seamless integration by our faculty makes the content meaningful.

Our school improvement plan included the following four goals: Increase student achievement and accomplishment through standard and creative assessment tools; Create a positive school climate with evidence of student ownership and pride; Continue developing quality teachers and administrators; and Create a community environment to support student success. We received SACS CASI accreditation. Our beliefs for our children are shared in the statement below: As we embrace the most important work we'll ever do, our eyes look to the future.

Our world is shrinking and our children know this best of any of us. Technology creates a learning environment with no boundaries. Essential skills focus on thinking... Thinking creatively, thinking critically...sustaining thinking over time and through challenges. Many minds are stronger than the individual viewpoint and collaboration and communication are embedded in the engaging work our children do every day. Our diversity is our strength and results in a more thoughtful and flexible learning environment. No longer is there just one right answer or one right way to design an elegant solution to a real world problem. We celebrate our children, our future, and we dedicate Catawba Trail to their education, their dreams, their aspirations, and their present and future success.

Catawba Trail.....Many Paths to the Future.

Jessica Drysdale, Chairperson, School Improvement Council

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
