REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

John P. Thomas Elementary serves students from pre-kindergarten to fifth grade. There are two self-contained classes for students in kindergarten to fifth grade, one class with two half-day sessions for preschool students with special needs, and a resource classroom.

The PASS results continue to show an increase in the number of students scoring MET and EXEMPLARY in math and ELA, but the increase in test scores for science and social studies is still a challenge. Greater emphasis has been placed on teaching students strategies to increase higher-order thinking and problem-solving skills. The after-school tutorial program continues to focus on strengthening reading and math skills and allows students additional time in the computer lab.

Research indicates that sustained staff development contributes to more effective instruction and increased student achievement. Teachers worked throughout the year developing strategies to assist them in teaching ELA and math. During the year, staff development opportunities provided teachers with information to help in planning assessments, analyzing test data, providing for differentiated instruction and response to intervention, developing strategies for improving writing, organizing books by text levels and utilizing the district's frameworks for planning and instruction.

Students are challenged with researched-based best practices such as Accelerated Reader, Accelerated Math, Breakthrough to Literacy, ThinkCentral and the SuccessMaker Computer program. The SuccessMaker Laptop Home Computer program is another support for parents to use with their children at home.

There were several significant accomplishments this year. Our PE teacher had another successful year with the fishing grant. In addition, ten students qualified to participate at the state level in the archery competition. Our school was awarded a Fresh Fruit and Vegetable Grant for a third year where students learned about the importance of eating healthy snacks. Students were introduced to and had opportunities to eat different fresh fruits and vegetables they were not familiar with. Teachers found various ways to incorporate the study of the foods in the curriculum. There are eleven teachers on staff who have attained National Board Certification. Parent Involvement and Engagement Center was opened to provide assistance to assist our families with resources.

Our partnerships with parents and the community continue to increase and grow stronger. We continue our partnerships with the VFW Post 4262, Palmetto GBA, Francis Burns United Methodist Church, the Burns Foundation, Second Calvary Baptist Church and Bethlehem Baptist Church. We have added a partnership with Communities in Schools of the Midlands which added a full time Success Coach focused on dropout prevention providing support for our 4th and 5th grade students.
