Report of Principal and School Improvement Council

Washington Center, located in Greenville, South Carolina, is a separate public school serving students exhibiting severe mental and physical disabilities. Students have co-existing disabilities such as autism, blindness, deafness, speech deficits, and motor impairments. Significant cognitive disabilities and compounding health issues are factors impacting student progress and attendance. Enrolled students reside throughout the Greenville County School District with special transportation provided. Staffing Due Process Committees comprised of parents, administrators, classroom teachers and therapists develop Individualized Educational Plans as the basis for curriculum. Following federal Due Process criteria, recommendations are made for placement at Washington Center. Students attending Washington Center range in ages from three to 21, grades pre-kindergarten through twelve. On a separate campus, Washington Center @ Hollis serves the qualifying pre-school special needs students, aged three through seven. During the 2011-2012 school year, Washington Center served a combined 137 students with nineteen self-contained classroom teachers, one homebound teacher and 43 Para-professionals. Support staff includes a Hortitherapy specialist and a Daily Living instructor as well as Art, Music and Adapted Physical Education teachers. Staff members also incorporate four administrators, office secretary and clerk, a Media Specialist, Therapists (physical, occupational and speech), custodial and cafeteria personnel, two registered nurses, six licensed practitioner nurses and two orderlies. Vision, orientation/mobility, and hearing services are available on an itinerant basis for qualifying students. Washington Center occupied its current main campus in 2005 as a prototype, state-of-the-art facility for special needs instruction. The main campus includes: eighteen specialized classrooms, multisensory suite, multi-purpose gym, media center, art and music classrooms, Hortitherapy area with greenhouse, Daily Living classroom, instructional kitchens, and speech lab. In a mirrored configuration, Washington Center @ Hollis offers an early education setting of six classrooms, a multi-sensory suite, and therapy area. Handicapped accessible playgrounds on both campuses provide appropriate adapted recreation. Students have access to the state curriculum through Extended Academic Standards instruction with evaluation via the South Carolina Alternate Assessment. The school offers specialized curriculum such as the Mobility Opportunities via Education (M.O.V.E.), Hortitherapy and Daily Living programs, with learning access through augmentative communication and assistive technology. Technology is integrated through touch screen adapted computers along with the use of Smart and Promethean Boards. Students participate in Special Olympics and Challenge Day. The Carolina Therapy Dogs team provides monthly interactive sessions with certified, trained pets. Inclusion activities are shared with neighboring regular education schools. Volunteerism from area schools, colleges and the community is promoted along with numerous business partnerships. The annual Walk and Roll PTA sponsored fund raiser inspires community involvement. All programs are tailored to meet individual student needs. The school's emphasis on functionality brings the motto to fruition: "Those You Think Cannot...Can!" The mission of Washington Center is to provide opportunities for students to explore and develop potential for independent functioning and community involvement by addressing students' individual needs and creating a partnership with home, school, and community. Dr. Wanda Brownlee is the current Washington Center principal with Mrs. Carla Burkhardt serving as the PTA President.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
