Report of Principal and School Improvement Council

Orangeburg-Wilkinson High School completed an awesome year for the 2011-2012 school year. Some of what we were able to accomplish that directly impact teaching and learning included building and fifty minute study period during the school day into the schedule. We also implemented a review period to aid and assist students with improving their Math and ELA skills.

Over the course of the school year, we saw an increase in student academic performance. A higher percentage of students took the ACT/SAT at least one time. We had a greater percentage of students participate in our IB Program and AP Courses. Other achievements include Palmetto Silver and a Bronze Medal by US News as "One of the Best High Schools" in America for improving college readiness.

Our students won merit awards for music and the arts. Our band has been invited to play in the Thanksgiving parade in Chicago, November 2012. We have six Palmetto Fellows and a National Merit Scholarship finalist. Our Girls Basketball team finished runner up in the 4-A State Championship. Our school also won several community scholarships for issues related to teens such as bullying and no text and drive. As we continue to look forward to our future of academic success for students, we encourage you to continue with your support of our school and our community.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
