REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

R. B. Stall High School is a special place that strives to provide a safe, nurturing environment in which each child can flourish. This year we received a federal School Improvement Grant that allowed for several major improvements, including the development of smaller learning communities with a focus and an assistant principal to oversee each of the following Academies: Leadership for 9th Grade, Success for 10th Grade, College and Career Readiness for 11th and 12th Grades. The administrative team was restructured to emphasize classroom instruction and student achievement. An Associate Principal for Curriculum and Instruction and three School Instructional Learning Leaders were hired to work with the principal, assistant principals, and teachers. An extra period was added to the instructional day to meet students' academic, career, and extracurricular needs.

Academic improvement is reflected in the increase in SAT Composite scores by 10 points, overall End-of-Course Exam passage rate by 8%, and Longitudinal HSAP passage rate by 15%. Student disciplinary referrals have been reduced over 50% resulting in more than 750 days of recaptured instructional days.

The cornerstone of our transformation to a high-performing school was the reculturing initiative. The faculty and staff began the year with three days of Capturing Kids' Hearts (CKH) training. Over the course of the year we engaged in additional training. The goal of Capturing Kids' Hearts is to build strong, positive relationships that lead to success in the classroom and in life. According to CKH founder Flip Flippen, "If you have a child's heart, you have his head."

In addition to CKH, this has been a year of significant firsts for Stall: First Robotics Team in school history; first rugby team and first hosting of Charleston County Wrestling Tournament; first golf team this century; first high school to implement iPad instruction; first time all students have belonged to one of our 58 clubs or student organizations; first Viva la Vida Con Stall festival celebrating Latino cultural awareness; first steel drum performance; first drama production since 2003. These activities and more contributed to R. B. Stall's selection as May's Cool School by Channel 2.

Research shows that students involved in fine arts programs improve academically. We have expanded fine arts offerings to include steel drums, African drums, full-time chorus, drama, and Advanced Placement Art. As a result, student participation in fine arts has increased 200%.

No school is an island unto itself. Stall has been blessed with many business and community partnerships. We would like to thank Boeing, InterTech, Charleston Air Force Base, Key Logistics, Barling Bay, Canes, Mount Moriah Baptist Church, Charleston Southern University, Hillside Baptist Church, City of North Charleston, Burger King, Trident Technical College, The College of Charleston, The Church House of Ministries Christian Church, and Chick-Fil-A.
