Report of Principal and School Improvement Council

Bethune-Bowman Middle/High School, located in rural Orangeburg County, is a 6-12 school in Orangeburg Consolidated School District 5. Our school mission is to partner with students, parents, and community to create an active learning environment that develops productive global citizens in a technological society.

During the 2011-2012 school year, Explicit Direct Instruction continued to be implemented in all classrooms to improve student engagement, as well as to hold all students accountable for their learning. Highlights of the program are the calling on of students by selecting students' names randomly to respond to questions, so that all students are held accountable in a process called Checking for Understanding. The program also emphasizes teaching students on grade level every day. Other initiatives that contributed to our progress include: Departmental Parent Nights, SAT/ACT Preparation, Voyager, Study Island, Virtual School, and Yearlong Data Analysis to drive instruction.

The School Improvement Council and the PTSA continue to work together to increase parent and community involvement. The school strives to keep parents and the community informed through parent newsletters, articles in the local newspaper, weekly parent contacts, and our Blackboard Connect parent call-out system.

Some students participated in a Math Extravaganza and Summer Leadership. An eighth grade student won the District Spelling Bee.

The students' community outreach projects consisted of March of Dimes, Breast Cancer Awareness, and Adopt a Highway.

As we look forward to the new school year, we are truly a family, and Bethune-Bowman Middle/High School students need the support of its parents, staff, and community in making the transition to high school and real world. So, we all need to become involved in the educational process and work together with the students, staff, and administration to ensure student success.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
