REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The faculty, parents, students, and community members have worked diligently to establish a learning environment that promotes optimal learning. The Academy for Teaching and Learning (ATL) has developed a school mission that values each child and faculty member as an individual and strives to provide support and encouragement that ensures that all members of the school family reach academic and social success. ATL's goals to focus heavily on professional development and reflection on student progress will ensure that all students reach academic and social excellence.

The Academy implemented a systematic approach in gathering student data from various sources (PACT, MAP, formal and information assessments, and interest inventories) to determine academic remediation and acceleration opportunities. Staff members used the results from the data to reflect on their teaching practices and search for various strategies to reach all learners. Students were provided an additional hour of instruction each day during the school's extended day program. PACT and MAP data showed a positive impact on student achievement.

The Academy has established a strong sense of community for all the students who attend the school. Middle school students are given the opportunity to work with younger students in the school's mentoring program. Weekly gatherings are held on Fridays that showcase students' learning and recognize Students of the Week, Perfect Attendance, Honor Roll, and Good Citizens Awards. The school continued to involve every student in service learning projects that help the community. ATL focused on community hunger with several food drives to stock the local food pantry. The school participated in Relay for Life and raised funds to fight cancer. The school continued to implement the components of the Heartwood Character Education curriculum with students. Students are given a variety of extra-curricular activities during the school's extended day program and during regular school hours. Students have the opportunity to participate in 4-H activities, Junior Achievement, Student Council, YMCA swimming lessons, band, steel drums, chorus, cheerleading, and dance. Each nine weeks, students are given a survey to determine opportunities for enrichment.

Parent involvement continues to drive the school's mission and support faculty and students. Parents are an active component of the success of the school. Parents serve as board members to govern the school and participate on committees that promote student success.

In the future, the Academy for Teaching and Learning will continue to make data driven decisions that identify areas of weakness and focus on professional development to establish "best practices" in teaching. This will give every student at the Academy an opportunity to reach their full potential.
