Percent satisfied with social and physical environment	100.0%	89.9%	80.4%
Percent satisfied with school-home relations	100.0%	84.3%	87.3%

*Only students at the highest middle school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The Middle School of Pacolet is a diverse, rural school that serves the Pacolet, Pacolet Mills, Central Pacolet, Bethesda Road and Whitestone Communities. The school serves over two hundred, twenty students- sixth through eighth grades. With a small community school atmosphere, we offer students personal, one-on-one interaction with teachers, staff, coaches, and classmates while providing many learning opportunities found in larger schools.

One of our major initiatives for 2011-2012 was continuous support of our K-8 instructional model. The K-8 instructional model brings teachers, staff, and students together to improve curriculum, improve transitions, share curriculum, align field studies, align school calendars, create student mentor programs and create a sense of family between the two campuses.

Another major initiative for 2011-2012 school year was the implementation of the internationally recognized Olweus Bullying Prevention Program. Our school joined hundreds of schools throughout the world in adopting a leading research-based program to prevent bullying. This program has proven it can reduce bullying and make schools safer, happier places for students to learn.

Analyzing the results Measures of Academic Progress (MAP) assessments allowed us to make instructional changes in order to benefit each individual student in an immediate and well-informed manner. We implemented math and reading enrichment classes at each grade level. A smaller teacher-student ratio allowed teachers the opportunity to continue the individualized instruction that begins in the regular classroom. Students, parents, and teachers were pleased with students' success in these classes.

Middle School of Pacolet was the recipient of a state Palmetto Silver Award for 2010-2011 and four SC/NSPRA Awards for Excellence. The implementation of the First in Math Program gave students the opportunity to complete thousands of math problems in an exciting way. The computer software tracked school, class, and student progress. Our school finished second in the state and solved over three million math problems.

Our School Improvement Council (SIC) and Parent Teacher Organization (PTO) were very involved in the decision making at our schools. As a result, our instructional, volunteer, and positive behavior programs throughout the year were enhanced and improved.

The commitment of all stakeholders in the Pacolet community has assisted in the continued increase of student achievement, a positive school climate, and several school awards – Palmetto Silver Award, First in Math Award, and several publication awards. It is with great INDIAN PRIDE that we share these accomplishments with you.

Max Deaton, Campus Principal
Tammy Stephens, SIC Chairperson
Kenny Blackwood, Supervisory Principal
