Report of Principal and School Improvement Council

In the SRA program, students were tested and placed in a group with students of similar reading ability in first and second grade. Students are allowed to move to higher groups as they progress. The assessment component of our plan uses DIBELS to monitor the reading progress of students who are having difficulty all during the year. DIBELS is also used for benchmark testing three times during the year to see if students are progressing in line with national norms. The district plan calls for a district benchmark test to be given to students after each quarter to see how they are progressing with district and state standards. All of this information will provide a better idea of how students are performing and how best to meet their needs.

The school's efforts allowed it to maintain its Absolute and Improvement Rating on the 2011 Annual School Report Card. This continued excellence qualified JCCE to receive a Palmetto Gold in the area of "Student Achievement." The school also received a Palmetto Gold for "Closing the Achievement Gap," which is a measurement of the improvement made by historically underachieving groups. We were also encouraged by this year's MAP scores. MAP testing is administered once in the fall, once in the winter, in the spring, and immediately after PASS. MAP is a way of gauging academic growth and projecting where students will perform on the PASS test. All students at JCCE showed growth according to their MAP scores. Translating the scores into their PASS equivalents allows us to compare the past scores from PASS to how they performed this year on MAP.

JCCE also continues the use of our Data Room in the school. Each student in the school is tracked based on their MAP, CAI, and other data sources to help identify students who are weak in certain areas. The discipline component of our plan calls for targeting the repeat offenders, students who are in the yellow and red zones, in an effort to continue to reduce the number of office referrals. Character Education will continue to be an important part of the JCCE curriculum. The principal is Milton Scott and the Chairperson is Lesa Thomas.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
